The East China Sea fleet

The East China Sea Fleet

The main lighting of the guidance department of the East China Sea Fleet adopts the engineering lighting products (including DALI dimmable downlights) provided by RiZO Lighting. The project product testing process is strict, and the lighting requirements are extremely high. Sande's products have passed all the high standard tests conducted by the East China Sea Fleet in Beijing once and for all, it shows that RiZO's lighting lamps are of high quality and meet all the requirements under the extremely strict environment.

Shenzhen North Railway station

Shenzhen North Railway Station adopts the engineering lighting products provided by RiZO Lighting (including DALI dimmable intelligent industrial and mining lamps, LED three proof lamps, integrated explosion-proof projection lamps, square lighting lamps and other high-quality lamps). Every detail shows the high quality and excellent service of RiZO's lighting lamps

Donge EJIAO experience Hotel

DONGE EJIAO hotel experience hotel

The design of Donge Ejiao Health Hotel is based on the design concept of inheriting the essence of Dong'e's millennium culture, refining traditional cultural elements into modern landscape, highlighting Dong'e's cultural heritage and sense of quality, and creating a boutique hotel landscape space that combines nature and culture. Sandel adopts RiZO's ultra soft light series, and tailors a professional intelligent lighting design scheme for RiZO to bring ultimate optical enjoyment

ShiJiajuang Heibei Hotel Super five star Hotel

Scope : Indoor lighting

RiZO

HEBEI Hotel

Hebei Hotel is an international standard hotel for the reception of heads of state. It is the main reception place for various important domestic and foreign affairs activities in Hebei Province. Located in the high-grade residential area of Shijiazhuang, there is a provincial museum near the hotel. It was rated as the best star hotel in China in 1994. In 1995, it was ranked among the top 50 star hotels in China. It is a five-star multi-functional hotel, integrating accommodation, catering, entertainment and leisure, with a total floor area of 55000 square meters, 329 guest rooms, a trendy recreation center, a 1200 square meter pillarless multi-function banquet hall, a luxury thermostatic swimming pool, and one-stop wedding services. In this project, lighting design and intelligent dimming products are provided by No. 3 Lighting Co., Ltd., making every effort to realize more possibilities for its diversified scene transformation.

Jiuxianshan Hotel

Scope : Indoor lighting

RiZO Lighting cooperates with East Lake Hotel Group to provide products and services for Yangchun East Lake International Hotel. It adheres to the craftsmanship spirit of "smart and soft light", insight into the smallest details in demand, control each process of the product, create a relaxed atmosphere with exquisite and comfortable light environment and meticulous services, and create a comfortable stay experience for customers to enjoy a happy holiday mood.

East Lake International Hotel

Scope : In door & Outdoor Lighting

RiZO Lighting cooperates with East Lake Hotel Group to provide products and services for Yangchun East Lake International Hotel. It adheres to the craftsmanship spirit of "smart and soft light", insight into the smallest details in demand, control each process of the product, create a relaxed atmosphere with exquisite and comfortable light environment and meticulous services, and create a comfortable stay experience for customers to enjoy a happy holiday mood.

East Lake International Hotel has 583 elegant and comfortable rooms and suites, as well as various suites and townhouses. The overall guest room is mainly designed in a post-modern Chinese style, which is simple and comfortable, elegant in style. The ingenious use of Chinese and Western elements highlights the natural concept of living room culture. The meticulous and comprehensive service, as well as the beautiful and perfect environment and facilities have won unanimous praise from customers.

RiZO lighting's products used in this case are all customized products of East Lake International Hotel.

Anhui Tianzhu Howard Johnson Hotel

Scope : In door lighting

RIZO

Fuyang Tianzhu Howard Johnson Hotel officially opened. For the citizens of Fuyang, its completion will improve the reception capacity and level of Fuyang star hotels, and will play a significant role in the construction of Fuyang's city image. Its existence will change the city we live in, make it more beautiful and develop faster. The hotel is located at the intersection of Yingzhou Road and Huaihe Road, the trunk road of Fucheng, adjacent to the urban area, with broad vision, beautiful environment and convenient transportation. The 27 storey main building (25 storeys high, without 13 and 14 storeys) has become the highest building in Fuyang and the landmark of Fuyang. The hotel is reasonably arranged and luxuriously decorated, consisting of a 23 storey main building, a 4-storey podium building and an underground civil air defense project;

OBLU ISLAND Maldives

Scope : In door, out door & Pool lighting

RiZO Lighting, together with Atmosphere Hotel&Resorts of Maldives, will open OBLU by Atmosphere at sangeli, the fourth resort built by Maldives, which is located at St. Geely Beach in the northeast of Male Atoll in Maldives. It's too boring to spend a holiday on an island in the future. Male International Airport (taking a 50 minute yacht), Aojing and Aolu sister islands connecting the yacht, only 20 minutes. It's also a one price all inclusive resort hotel, with 137 villas, 69 beach villas and 68 water villas. According to its climate characteristics, Sandel has customized suitable lamps professionally.

Reeth Beach Resort in Maldives

Scope : In door, outdoor & Pool lighting

The background image shows the Hilton Kuala Lumpur hotel, a tall white building with many windows, situated behind a dense line of green trees. In the foreground, there is a body of water, likely a lake or pond, with a low stone wall and a small pavilion on the right side. The sky is blue with some white clouds.

Hilton Kuala Lumpur in Malaysia

Hilton Doubletree Kuala Lumpur Hotel is located in the center of Kuala Lumpur, less than 5 minutes' drive from the twin towers of the National Petroleum Corporation and the Suliya shopping center. This five-star hotel is 4.3 miles (6.8 kilometers) from Independence Square and 4.6 miles (7.5 kilometers) from the Malaysian Parliament Building. There are 540 air-conditioned rooms with MP3 bases and mini bars; You will find the comfort of your home on the journey. 32 inch LCD TV provides pay TV channels to meet entertainment needs; Wired and wireless Internet access will be provided for additional charges. Bathroom provides bathtub or shower, equipped with large shower head and famous brand washing and nursing supplies. Amenities include a telephone, a safe and a desk. You can make full use of resort facilities such as outdoor swimming pool and 24-hour fitness center. Other features of the hotel include paid wireless Internet access, concierge service and nanny service/child care (charging). There are 5 restaurants in the hotel. You can choose to enjoy Malaysian food in Makan Kitchen, or you can stay in your room and enjoy 24-hour delivery service. In addition, the cafe also serves delicious snacks.

Featured services/facilities include 24-hour business center, limousine or business car service and express check-in. Plan to hold an event in Kuala Lumpur? The hotel has 3437 square meters (37000 square feet) of activity space, including meeting rooms. The hotel has charged shuttle bus (available 24 hours) to and from the airport, and also provides free self-service parking. RiZO lighting provides all lighting products and participates in the design and mode of lighting.

Hilton Hotel Kuala Lumpur, Malaysia is one of the many hotel projects in Malaysia. It took 24 months from the initial lighting design, selection, lighting test and final finalization. RiZO lighting uses the design concept of light and shadow to blend the light with the environment and create a mutual reflection of light and scenery. The lamp is with the environment around, reflecting the environment more real, natural andFun. It reflects the product concept of RiZO Lighting, "Lighting, technology, future"
